Allowable subject matter

Claims 1-6 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art neither discloses nor suggests the following limitations, in combination with the remaining elements as disclosed in claim 1:

a cat ear circuit connected to the source of AC power, the cat ear circuit being adapted to conduct current for a first relatively short time following a first zero crossing of the line voltage and for a second relatively short time prior to the next zero crossing of the line voltage thereby to reduce the total harmonic distortion of the current drawn from the source of AC power below that which would occur in the absence of the cat ear circuit such as required by claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
